Local Waters Forecast for Adelaide Metropolitan Waters

Issued at 9:30 am CST on Friday 28 August 2026
for the period until midnight CST Monday 31 August 2026.

Please be aware

Wind and wave forecasts are averages. Wind gusts can be 40 per cent stronger than the forecast, and stronger still in squalls and thunderstorms. Maximum waves can be twice the forecast height.

Warning Information

For latest warnings go to www.bom.gov.au, subscribe to RSS feeds, call 1300 659 210* or listen for warnings on relevant TV and radio broadcasts.

Weather Situation

A high pressure system over NSW will weaken and merge with another high pressure system to the south of SA today as a low pressure trough hovers over WA close to the SA border. The high to the south will move slowly east over the weekend to be centred over Victoria by Monday, strengthening a ridge over South Australia into next week.

Forecast for Friday 28 August until midnight

Winds: Variable below 10 knots. Seas: Below 0.5 metres. Swell: West to southwesterly below 1 metre. Weather: Sunny.

Forecast for Saturday 29 August

Winds: Variable below 10 knots. Seas: Below 1 metre. Swell: West to southwesterly below 1 metre. Weather: Sunny.

Forecast for Sunday 30 August

Winds: Variable below 10 knots. Seas: Below 0.5 metres. Swell: West to southwesterly below 0.5 metres. Weather: Mostly sunny.

Forecast for Monday 31 August

Winds: East to northeasterly below 10 knots becoming west to northwesterly during the day then becoming north to northeasterly during the afternoon. Seas: Below 0.5 metres. Swell: West to southwesterly below 0.5 metres. Weather: Mostly sunny.

The next routine forecast will be issued at 3:30 pm CST Friday.

* Calls to 1300 number cost around 27.5c inc. GST, higher from mobiles or public phones. Marine forecasts are also available on VHF and HF radio. View the radio schedule on www.bom.gov.au/marine
