Coastal Waters Forecast for South Australia Western Zones

Issued at 3:30 pm CST on Saturday 1 August 2026
for the period until midnight CST Tuesday 4 August 2026.

Please be aware

Wind and wave forecasts are averages. Wind gusts can be 40 per cent stronger than the forecast, and stronger still in squalls and thunderstorms. Maximum waves can be twice the forecast height.

Warning Information

For latest warnings go to www.bom.gov.au, subscribe to RSS feeds, call 1300 659 210* or listen for warnings on relevant TV and radio broadcasts.

Weather Situation

A high pressure ridge remains for eastern parts of South Australia overnight Saturday, as a cold front moves across the Bight into western parts of the state from overnight Saturday into Sunday. The front moves across the southeast of the state throughout Sunday and early Monday. Another high pressure system moves into the Bight, behind the front, and moves slowly east throughout the week.
