Coastal Waters Forecast for South Australia Lower South East Coast: Cape Jaffa to SA-VIC Border

Issued at 3:30 pm CST on Tuesday 16 June 2026
for the period until midnight CST Friday 19 June 2026.

Please be aware

Wind and wave forecasts are averages. Wind gusts can be 40 per cent stronger than the forecast, and stronger still in squalls and thunderstorms. Maximum waves can be twice the forecast height.

Warning Information

For latest warnings go to www.bom.gov.au, subscribe to RSS feeds, call 1300 659 210* or listen for warnings on relevant TV and radio broadcasts.

Weather Situation

A high pressure system centred over the Tasman Sea extends a ridge over eastern parts of SA. A low pressure system south of the Bight will remain slow-moving until later Thursday when it will move southeastwards. An associated cold front will move across SA during Wednesday followed by a second front later Thursday and Friday. A high pressure system will move across from the west over the weekend.

Forecast for Tuesday 16 June until midnight
