

TOP PRIORITY FOR IMMEDIATE BROADCAST

Severe Weather Warning for DAMAGING WINDS

For people in Mount Lofty Ranges, Mid North, Kangaroo Island, Upper South East, Lower South East and parts of Flinders and Murraylands districts.

Issued at 9:08 am Friday, 4 September 2026.

Damaging winds possible for parts of southeast SA from early Saturday morning.

Weather Situation: A strong cold front is expected to approach southeastern SA tonight and continue to move east during Saturday morning. Strong northwesterly winds are expected to develop ahead of the system tonight, shifting westerly behind the front around sunrise.

For KANGAROO ISLAND and parts of the SOUTHEAST: DAMAGING WIND GUSTS with peak gusts in excess of 90 km/h are possible from early Saturday morning, most likely in showers and thunderstorms. DAMAGING WINDS are likely to contract to the Lower South East by midday and ease by the late afternoon.

For MOUNT LOFTY and FLINDERS RANGES: DAMAGING WESTERLY WINDS averaging 60 to 70 km/h with peak gusts of around 100 km/h are likely from early Saturday morning, easing during the late afternoon.

Locations which may be affected include Mount Gambier, Clare, Murray Bridge, Kingscote, Naracoorte and Keith.

The State Emergency Service advises that people should:

- * Move vehicles under cover or away from trees;
- * Secure or put away loose items around your property.
- * Stay indoors, away from windows, while conditions are severe.

The next Severe Weather Warning will be issued by 5:00 pm ACST Friday.
