Coastal Waters Forecast for South Australia Gulf St Vincent

Issued at 9:30 am CST on Saturday 11 July 2026
for the period until midnight CST Monday 13 July 2026.

Please be aware

Wind and wave forecasts are averages. Wind gusts can be 40 per cent stronger than the forecast, and stronger still in squalls and thunderstorms. Maximum waves can be twice the forecast height.

Warning Information

For latest warnings go to www.bom.gov.au, subscribe to RSS feeds, call 1300 659 210* or listen for warnings on relevant TV and radio broadcasts.

Weather Situation

A cold front in the Bight will move across the south of SA today followed by a weaker front on Monday. A high pressure system centred near southern WA will begin to dominate the weather pattern across SA mid next week.

Forecast for Saturday 11 July until midnight

Strong Wind Warning for Saturday for Gulf St Vincent

Winds: Northwesterly 20 to 30 knots tending westerly in the middle of the day. Seas: 2 to 3 metres. Swell: South to southwesterly below 1 metre. Weather: Cloudy. Near 100% chance of showers.
