Coastal Waters Forecast for South Australia
Far West Coast: WA-SA Border to Fowlers Bay

Issued at 3:30 pm CDT on Friday 6 November 2026
for the period until midnight CDT Monday 9 November 2026.

Please be aware
Wind and wave forecasts are averages. Wind gusts can be 40 per cent stronger than the forecast, and stronger still in squalls and thunderstorms. Maximum waves can be twice the forecast height.

Warning Information

For latest warnings go to www.bom.gov.au, subscribe to RSS feeds, call 1300 659 210* or listen for warnings on relevant TV and radio broadcasts.

Weather Situation

As a cold front clips the southeast Friday, while a high pressure system moves centred well south of Perth extends a ridge over northern and western SA. The high drifts over waters well to the south of SA over the weekend, while a developing low pressure system and trough in WA move close to the SA border. The high drifts southeast of Tasmania by Monday as the low moves across western SA on Monday and northern SA on Tuesday.

Forecast for Friday 6 November until midnight
