## West Coast District Forecast

Issued at 4:10 am CST on Friday 11 September 2026  
for the period until midnight CST Monday 14 September 2026.

### Warning Information

For latest warnings go to [www.bom.gov.au](http://www.bom.gov.au), subscribe to RSS feeds, call 1300 659 210\* or listen for warnings on relevant TV and radio broadcasts.

### Weather Situation

A high pressure system centred south of the Bight extends a ridge across the south of SA. The main high centre will gradually move eastwards to be centred to the east of SA later on Friday. A trough over the interior of WA will remain stationary but will weaken later Friday. Another low pressure trough will approach from the west on Saturday and move across SA on Sunday then a cold front will move across southern coasts later Monday. An upper disturbance will move over the far west on Monday.

### Forecast for the rest of Friday 11 September

Partly cloudy. Medium chance of showers west of Ceduna, becoming less likely this afternoon. Near zero chance of rain elsewhere. The chance of a thunderstorm west of Nullarbor this morning. Winds east to northeasterly 15 to 25 km/h. Daytime maximum temperatures between 19 and 23.

|           |                  |     |    |
