Updated Mount Lofty Ranges District Forecast

Issued at 5:13 pm CST on Thursday 3 September 2026
for the period until midnight CST Monday 7 September 2026.

Warning Information

For latest warnings go to www.bom.gov.au, subscribe to RSS feeds, call 1300 659 210* or listen for warnings on relevant TV and radio broadcasts.

Weather Situation

A high pressure ridge over SA will move to the east early Friday, as a trough moves over the state during the day, followed by a strong cold front early Saturday. A high pressure system will then move across the state, behind the front, and merge with another high located to the southwest of WA on Sunday to extend a ridge across much of SA into next week. A low pressure system is also expected to move in vicinity of the WA border late Sunday and may extend a trough into far west SA into next week.

Forecast for the rest of Thursday 3 September

Partly cloudy. Slight chance of a shower. Winds westerly 15 to 20 km/h becoming light in the late afternoon.

Forecast for Friday 4 September

Cloudy. The chance of fog in the early morning. Very high chance of showers, most likely from the late morning. Winds north to northeasterly 15 to 20 km/h tending north to northwesterly 25 to 35 km/h during the day. Overnight temperatures falling to around 8 with daytime temperatures reaching between 17 and 20.
