Updated Mid North District Forecast

Issued at 5:13 pm CST on Thursday 3 September 2026
for the period until midnight CST Monday 7 September 2026.

Warning Information

For latest warnings go to www.bom.gov.au, subscribe to RSS feeds, call 1300 659 210* or listen for warnings on relevant TV and radio broadcasts.

Weather Situation

A high pressure ridge over SA will move to the east early Friday, as a trough moves over the state during the day, followed by a strong cold front early Saturday. A high pressure system will then move across the state, behind the front, and merge with another high located to the southwest of WA on Sunday to extend a ridge across much of SA into next week. A low pressure system is also expected to move in vicinity of the WA border late Sunday and may extend a trough into far west SA into next week.

Forecast for the rest of Thursday 3 September

Partly cloudy. Medium chance of showers in the south, becoming less likely later this evening. Near zero chance of rain elsewhere. Winds westerly 15 to 25 km/h becoming light in the late afternoon.

Forecast for Friday 4 September

Cloudy. The chance of fog in the early morning. Very high chance of showers. The chance of a thunderstorm in the west in the evening. Winds north to northeasterly 15 to 25 km/h increasing to 35 km/h before turning northwesterly 20 to 30 km/h in the evening. Overnight temperatures falling to around 8 with daytime temperatures reaching between 19 and 22.

Clare	Showers.	Min	7	Max	20
