South Australia Forecast

Issued at 4:00 pm CST on Wednesday 24 June 2026
for the period until midnight CST Sunday 28 June 2026.

Warning Information

For latest warnings go to www.bom.gov.au, subscribe to RSS feeds, call 1300 659 210* or listen for warnings on relevant TV and radio broadcasts.

Weather Situation

A high pressure system is located south of SA and is forecast to be centred over Tasmania on Thursday. The high will continue to extend a ridge over SA through to Saturday then a low pressure trough is expected to reach far western areas of the state on Sunday.

Forecast for the rest of Wednesday 24 June

Isolated showers about southern coastal districts, possibly developing over the Nullarbor Plain. Northeast to southeasterly winds.

Forecast for Thursday 25 June

Areas of patchy morning fog about the Agricultural Areas. Cold at first about the Flinders, Mid North and Murray districts with patchy frost. Isolated showers about parts of the southern coastal districts and over the Nullarbor Plain. Possible isolated thunderstorms about the Flinders district and southern parts of the pastoral districts. Maximum temperatures below average. East to southeasterly winds, tending northeasterly in the far west.

Forecast for Friday 26 June

Isolated light showers possible about the Flinders district and southern parts of the pastoral districts. Areas of morning fog about the Agricultural Areas and possible patchy frost for the South East districts. Maximum temperatures below average. East to southeasterly winds, tending northeasterly in the far west.

Forecast for Saturday 27 June

Isolated light showers east of the ranges, possibly about the Northwest Pastoral district. Possible morning fog about the Agricultural Areas and possible patchy frost for the South East districts. Maximum temperatures below average. Northeast to southeast winds, tending east to northeasterly throughout the day.

Forecast for Sunday 28 June

Isolated showers possible in most districts. Maximum temperatures below average. North to northeasterly winds.

Cumulative rainfall totals to the end of Sunday: less than 2 mm for most districts, 2-5 mm possible about the Nullarbor and southern parts of the pastoral districts. Possible isolated falls of 5-10 mm for parts of the pastoral and eastern districts.

The next routine forecast will be issued at 4:00 am CST Thursday.
