South Australia Forecast

Issued at 4:00 pm CST on Wednesday 29 July 2026
for the period until midnight CST Sunday 2 August 2026.

Warning Information

For latest warnings go to www.bom.gov.au, subscribe to RSS feeds, call 1300 659 210* or listen for warnings on relevant TV and radio broadcasts.

Weather Situation

A high pressure system centred over the Bight will slowly move east into the Tasman Sea by late Saturday. A cold front is forecast to move across the Bight on Saturday before moving across the southeast of SA on Sunday.

Forecast for the rest of Wednesday 29 July

Isolated showers about windward facing coasts. Southeast to southwesterly winds.

Forecast for Thursday 30 July

Possible morning fog and frost on and east of the ranges. Chance of isolated light showers about the southern agricultural area. Maximum temperatures below average. Variable winds across the south, tending northeast to southeasterly winds in the north.

Forecast for Friday 31 July

Possible morning fog and frost about the agricultural area. Frost also possible about the North West Pastoral district. Maximum temperatures average to below average. Variable winds across the southeast, tending northeast to southeasterly elsewhere.

Forecast for Saturday 1 August

Dry, with morning frost about the northern agricultural area and pastoral districts. Maximum temperatures below average. North to northeasterly winds.

Forecast for Sunday 2 August

Morning frost about the northern agricultural area and pastoral districts. Isolated showers developing about the coast during the morning, extending across the agricultural areas during the afternoon. Maximum temperatures near average. Northeast to northwesterly winds, with a southwesterly change moving across the west during the day.

Cumulative rainfall totals to the end of Sunday: Less than 1 mm about the northern agricultural area with falls between 1 to 5 mm about the southern agricultural area. Isolated falls of 5 to 10 mm possible about the Mt Lofty Ranges.

The next routine forecast will be issued at 4:00 am CST Thursday.
