Coastal Waters Forecast for South Australia Western Zones

Issued at 3:40 am CST on Wednesday 20 May 2026
for the period until midnight CST Friday 22 May 2026.

Please be aware

Wind and wave forecasts are averages. Wind gusts can be 40 per cent stronger than the forecast, and stronger still in squalls and thunderstorms. Maximum waves can be twice the forecast height.

Warning Information

For latest warnings go to www.bom.gov.au, subscribe to RSS feeds, call 1300 659 210* or listen for warnings on relevant TV and radio broadcasts.

Weather Situation

A high pressure system over SA will remain dominant as it slowly moves east and into the Tasman Sea on Friday. A cold front will move across the Bight on Saturday.
