## **Coastal Waters Forecast for South Australia Gulf Waters**

Issued at 3:40 am CST on Wednesday 1 July 2026  
for the period until midnight CST Friday 3 July 2026.

### **Please be aware**

Wind and wave forecasts are averages. Wind gusts can be 40 per cent stronger than the forecast, and stronger still in squalls and thunderstorms. Maximum waves can be twice the forecast height.

### **Warning Information**

For latest warnings go to [www.bom.gov.au](http://www.bom.gov.au), subscribe to RSS feeds, call 1300 659 210\* or listen for warnings on relevant TV and radio broadcasts.

### **Weather Situation**

A series of low pressure systems passing through the Bight will extend cold fronts that will cross over SA through to the end of the week. A high pressure system is then forecast to move into the Bight from late Friday and extend a ridge across the state over the weekend.

### **Spencer Gulf**

#### **Forecast for Wednesday 1 July until midnight**
