South Australia

Mid North District Forecast

Issued at 9:17 pm CST on Friday 11 September 2026
for the period until midnight CST Tuesday 15 September 2026.

Warning Information

For latest warnings go to www.bom.gov.au, subscribe to RSS feeds, call 1300 659 210* or listen for warnings on relevant TV and radio broadcasts.

Weather Situation

A high pressure system east of SA extends a ridge across much of the state, as a low pressure trough over the interior of WA weakens overnight. Another trough will approach from the west late on Saturday, move across SA on Sunday with a ridge then extending into the state from a high located southwest of WA. An upper level disturbance will move over the far west on Monday, and a cold front will slip across southern coasts later in the day and early Tuesday. The high will then move across waters to the south throughout the week.

Forecast for the rest of Friday 11 September

Mostly clear. Winds east to northeasterly 15 to 20 km/h.

Forecast for Saturday 12 September

Sunny. Winds northeasterly 15 to 20 km/h tending northwest to northeasterly in the morning. Overnight temperatures falling to between 5 and 9 with daytime temperatures reaching the low to mid 20s.
