Coastal Waters Forecast for South Australia Upper West Coast: Fowlers Bay to Elliston

Issued at 9:30 am CST on Saturday 1 August 2026
for the period until midnight CST Monday 3 August 2026.

Please be aware

Wind and wave forecasts are averages. Wind gusts can be 40 per cent stronger than the forecast, and stronger still in squalls and thunderstorms. Maximum waves can be twice the forecast height.

Warning Information

For latest warnings go to www.bom.gov.au, subscribe to RSS feeds, call 1300 659 210* or listen for warnings on relevant TV and radio broadcasts.

Weather Situation

A high pressure system, centred over Victoria, will continue extending a ridge across South Australia as it moves into the Tasman Sea on Saturday. A cold front is forecast to move across the Bight from overnight Saturday into Sunday, before moving across southeast South Australia during Sunday evening, with another high pressure system moving into the Bight behind the front.

Forecast for Saturday 1 August until midnight

Winds: Northerly 15 to 20 knots. Seas: 1 to 1.5 metres, decreasing to 1 metre later in the evening. Swell: Southwesterly 2 to 2.5 metres. Weather: Sunny.

Forecast for Sunday 2 August

Winds: North to northwesterly 15 to 20 knots shifting southwesterly during the morning and early afternoon. Seas: 1 to 1.5 metres. Swell: Southwesterly 2 to 3 metres. Weather: Partly cloudy.

Forecast for Monday 3 August

Winds: Southwesterly 10 to 15 knots becoming variable about 10 knots during the morning. Seas: Below 1 metre. Swell: Southwesterly 3 metres, increasing to 3 to 4 metres south of Streaky Bay. Weather: Cloudy.

The next routine forecast will be issued at 3:30 pm CST Saturday.

* Calls to 1300 numbers cost around 27.5c incl. GST, higher from mobiles or public phones. Marine forecasts are also available on VHF and HF radio. View the radio schedule on www.bom.gov.au/marine
