Coastal Waters Forecast for South Australia Far West Coast: WA-SA Border to Fowlers Bay

Issued at 9:30 am CST on Monday 20 July 2026
for the period until midnight CST Wednesday 22 July 2026.

Please be aware

Wind and wave forecasts are averages. Wind gusts can be 40 per cent stronger than the forecast, and stronger still in squalls and thunderstorms. Maximum waves can be twice the forecast height.

Warning Information

For latest warnings go to www.bom.gov.au, subscribe to RSS feeds, call 1300 659 210* or listen for warnings on relevant TV and radio broadcasts.

Weather Situation

A high pressure system over Victoria extends a ridge over South Australia, with the ridge expected to weaken during Tuesday. A trough will develop in the west on Tuesday, ahead of a cold front that is expected to extend over southern parts during Wednesday. Another ridge will extend over the west of the state later Wednesday, with a high centre expected to build over the Bight by Thursday evening.

Forecast for Monday 20 July until midnight

Winds: Northerly 10 to 15 knots becoming variable about 10 knots in the early afternoon. Seas: Below 1 metre. Swell: Southwesterly 1.5 to 2 metres. Weather: Cloudy.

Forecast for Tuesday 21 July

Winds: Variable about 10 knots becoming south to southwesterly 10 to 15 knots in the morning. Seas: Below 1 metre. Swell: Southwesterly 1.5 to 2 metres. Weather: Partly cloudy.

Forecast for Wednesday 22 July

Winds: Southwesterly 15 to 20 knots turning southerly 10 to 15 knots during the day. Seas: Around 1 metre. Swell: Southwesterly 1.5 to 2.5 metres. Weather: Cloudy. 70% chance of showers.

The next routine forecast will be issued at 3:30 pm CST Monday.

* Calls to 1300 numbers cost around 27.5c incl. GST, higher from mobiles or public phones. Marine forecasts are also available on VHF and HF radio. View the radio schedule on www.bom.gov.au/marine
